Course Information

Club Safety Boat Operator – Rowing

Recommended by Rowing New Zealand. A practical on water training course for rowing club coaches and safety boat operators.

Aim: To gain safety knowledge and proficiency in coach/safety boat operation, enabling better safety cover for rowers involved in rowing club activities and events.

Duration: 6 Hours.

Qualification: Club Safety Boat Operator Certificate (endorsed by Rowing NZ).

Prerequisites: Maritime VHF Radio Operators Certificate and First Aid recommended.
RYA Powerboat Level 2 recommended for craft powered by 25HP and above.

Modules:

- Preparation, Boat Checks & Safety Equipment
- New Zealand Law
- Launching & Retrieving
- Boat Handling
- Swamped & Inverted Craft
- Casualty Rescue
- Towing
- End of Day Procedures

Club Safety Boat Operator Training

Training is provided by experienced powerboat instructors - available throughout the country. Courses are ideally run at the rowing club for its members, as vessels, hazards and processes will be club specific. The Club Safety Officer should be in attendance to assist with training on club specific procedures and equipment.

Course bookings are available to private groups only.
