

Coastguard Boating Education

Course Information

Club Safety Boat Operator - Yachting

Recommended by Yachting New Zealand. A practical on-water training course for Yacht club coaches and safety boat operators

Aim: To gain safety knowledge and proficiency in safety boat operation, enabling better safety cover for sailors involved in yacht club activities.

Duration: 8 Hours.

Qualification: Club Safety Boat Operator Certificate (Endorsed by Yachting NZ).

Prerequisites: Maritime VHF Radio Operators certificate and First Aid recommended. RYA Powerboat Level Two recommended for craft powered by 25HP and above.

Modules:

- Preparation, Boat Checks & Safety Equipment
- New Zealand Law
- Launching & Retrieving
- Boat Handling
- Mark Laying
- Communication
- Righting Inverted & Partially Inverted Craft
- Casualty Rescue
- Towing
- End of Day Procedures

Club Safety Boat Operator Training

Training is provided by experienced powerboat instructors - available throughout the country. Courses are ideally run at the yacht club – for its members as vessels, hazards and processes will be club-specific. The Club Safety Officer should be in attendance to assist with training on club specific procedures and equipment.

Course bookings are available to private groups only.
