

Coastguard Boating Education Course Prospectus

Club Safety Boat Operator – Rowing Club Version

Recommended by Rowing New Zealand. A practical on water training course for rowing club coaches and safetyboat operators.

Aim: To gain safety knowledge and proficiency in coach/safety boat operation, enabling better safety cover for rowers involved in rowing club activities and events.

Duration: 6 Hours.

Qualification: Club Safety Boat Operator Certificate (Endorsed by Rowing NZ).

Prerequisites: Marine VHF Radio Operators and First Aid recommended. Powerboat Level Two recommended for craft powered by 25HP and above.

Modules:

- Preparation, Boat Checks & Safety Equipment
- New Zealand Law
- Launching & Retrieving
- Boat Handling
- Swamped & Inverted Craft
- Casualty Rescue
- Towing
- End of Day Procedures

Club Safety Boat Operator Training

Training is provided by experienced powerboat instructors - available throughout the country. Courses are ideally run at the yacht club - for its members as vessels, hazards and processes will be club-specific. The Club Safety Officer should be in attendance to assist with training on club specific procedures and equipment.

Price: To enquire about this course or certificate, please contact one of the RYA training centres listed below
