

Coastguard Boating Education

Course Information

Working Safely on Commercial Craft (WSoCC)

The Working Safely on Commercial Craft (WSoCC) course is primarily designed for persons working towards their New Zealand Certificate in Domestic Maritime Operations (Restricted Limits) - (CIDMO). Completion of this level 4 qualification is a pre-requisite to applying for Maritime New Zealand's entry-level command certificate, Skipper Restricted Limits (SRL).

WSoCC is also considered relevant learning for skippers whose operation relies on the Maritime New Zealand industry specific certificate (Part 35) exemption.

Working Safely on Commercial Craft (WSoCC): Course Details

- Qualification:** Coastguard Boating Education WSoCC Certificate
- Aim:** It covers the relevant knowledge and skills as defined in the Maritime New Zealand (MNZ) Competency Framework for SRL.
- Duration:** 50 (notional) hours of learning which includes all planned learning activities, including revision and assessment, which lead toward the achievement of the learning outcomes.
- Entry:** You must be enrolled in the CBE Certificate in Domestic Operations (CIDMO) or seeking training towards a MNZ part 35 Exemption.

Working Safely on Commercial Craft (WSoCC): Learning Outcomes

The course focuses on aspects of the following CIDMO qualification outcomes:

- Plan a passage and navigate using electronic and non-electronic navigational systems.
- Operate a restricted limits vessel at sea.
- Maintain safety and respond to emergencies on a restricted limits vessel.

It also covers the following knowledge and skills as defined in the Maritime New Zealand (MNZ) Competency Framework for SRL. It is this knowledge and skills that will be addressed in the assessments for this course.

- | | |
|--|---|
